

**ADDENDUM TO MARIJUANA ORDINANCE
MEDICAL AND AUME (REC)
APRIL 2021**

Wise Township will hire a Marijuana Enforcement Officer, that will inspect (CHECK for compliance on) the marijuana facilities operating within the township. This will take place on a monthly basis.

All Provisioning Centers and/or Retail Sales Permits shall be a minimum of one (1) mile apart as to ensure better business for all involved.

Marijuana establishments that are currently permitted will be allowed to purchase additional permits in the Medical and Recreational outdoor growing fields, to allow their businesses to continue to grow as permitted by the Township Board, and what meets the state fire and safety guidelines.

Facilities may also purchase processing permits to allow the handling of harvesting the crop.

Indoor facilities that are currently licensed may purchase a limited number of permits to grow plants outdoor if they wish, contingent upon the Township Boards approval.

Greenhouse buildings for indoor growing will be made of 6mm woven plastic or ¼ inch hard plastic. All buildings shall be a minimum of 10 feet in height, and meet engineered state standards for growing. Plastic skins shall be drawn tight, so as not to allow for flapping with wind. All greenhouse buildings shall be inside a 10-foot-high blinded fence and fence shall be 100 feet off all property lines. Buildings shall be 5 feet off fence.

Effective immediately after publishing.

I Doris Methner, duly elected Clerk of Wise Township do hereby certify the following is a true and correct record of what the vote was at the Wise Township Board meeting held on April 22, 2021 Motion made by Methner to accept the Addendum with the correction and changes suggested, supported by Card.
